Kony University PPU Options

Kony Success University is a mix-and-match collection of our most popular training options - from extensive online curriculums to in-person bootcamps. Choose from:

- [Kony Online Training](#)
(2 Success Points)
One seat to the full Kony library of online training
- [Kony Bootcamp Training](#)
(4 Success Points)
Visualizer Bootcamp in Austin or Hyderabad
- [Instructor Office Hours](#)
(1 Success Point)
Ten, 30-minute, personal training sessions ranging from how-to, scheduled conference meetings, post-formal training deep dives and more!

Assessments & Modernization PPU Options

We created a suite of our most popular application assessment services to drive mobile innovation and best practices across the organization, including rapid prototyping, UI refreshes and technical reviews. Choose from:

Assessments

- [SME Workshop](#)
(3 Success Points)
Dedicated WebEx session with a Kony subject matter expert (SME) on a range of topics relevant to your organization, including Kony and Mobile best practices.

App Modernization

- [App Modernization Review](#)
(3 Success Points)
Review UI of the app plus a clear set of guidelines on how to improve the usability,

logical flow, and structure of the UI for up to 25 screens as well as a detailed report with specific examples on how to implement changes. Additional screen bundles of 10 are available for 1 Success Point.

- [Rapid Prototype](#)
(6 Success Points)
receive a fully functional prototype within weeks that you can then share across the organization on actual mobile devices – all without making a significant financial investment. Additional screen bundles of 10 are available for 3 Success Points.
- [App UI Modernization](#)
(6 Success Points)
Modernize any app with fresh UI as well as complete software and design updates of up to 10 screens with additional screen bundles of 10 available for 3 Success Points.

Developer Support & Technical Reviews

- [Developer Use Case](#)
(2 Success Points)
Kony support engineers will develop a compelling sample use case app to assist your developers with implementing Kony features into their application.
- [App Technical Review](#)
(10-20 Success Points)
Comprehensive best practice assessment from Kony Professional Services which you can use as a compliance tool or to check app performance issues. Select from a Limited Review for....or our Extended Review for an in-depth exploration of UI, JavaScript, Java Services/Sync Services, Architecture & Design, third party Integrations plus a Comprehensive Review with recommendations (including File Name, Line number and code snippet reference).

Upgrade PPU Options

This Power-Up is a comprehensive approach to upgrading your development/test environment to the latest version of Kony products.

Choose from:

- Basic assessment (2 Success Points)
- Incremental upgrade (5 Success Points)
- Comprehensive upgrade (15 Success Points)

What is the Expertise Power-Up?

For organizations focused on building out their centers of excellence or projects that require custom services, we created an advanced option.

- **Professional Services**
(2-6 Success Points)
Select 40 hours of dedicated Kony services delivered on-site (T&E is additional) or remotely to address any areas not covered by existing Premier Power-Ups.
